

MIFID Product Governance / Professional investors and ECPs only target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, “MiFID II”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels. For the purposes of this provision, the expression manufacturer means the Managers.

ANNEX

USE OF PROCEEDS

[The Notes constitute Social Bonds as defined in the Base Prospectus. The net proceeds of the issue of the Notes (the “Proceeds”) will be used by the Issuer to fund its second-floor facilities aimed at extending credit to “small, medium or micro enterprises” (“Eligible SMEs”) through financing to financial institutions with an emphasis on employment creation or employment retention in specific economically underperforming regions of Spain.

In order to qualify, Eligible SMEs will need to meet each of the following three criteria:

- (a) be a small, medium, or micro enterprise (“SME”) as currently defined by the European Union¹;
- (b) be located in an economically underperforming region of Spain as regions with GDP per capita in 2017 lower than Spain’s national GDP per capita, as per Spanish Regional Accounts listed in Appendix 1 hereto; and
- (c) not be engaged in any business activity described under Exclusionary Criteria listed in Appendix 2 hereto.

Further details on these criteria can be found in the Appendices to this Annex.

Pending the allocation of Proceeds, they will be managed by the Issuer, at its discretion, in cash or other negotiable liquid instruments in its liquidity portfolio, in accordance with its selection criteria applied to the management of its treasury.

The Issuer is expected to make public a compliance review report carried by *an internationally reputable SRI (social responsibility investment) rating agency* on the first anniversary of the Notes’ issuance, on the compliance, in all material respects, of Eligible SMEs with the criteria described above. The issuer is also expected to create a report detailing the bond proceeds allocated by region and industry, and additional details such as the numbers of SMEs, average amount lent to SMEs, average number of employees per SMEs etc. This information will be included in the one of the following newsletters published quarterly.
